Throughout my professional journey in various industries, I have consistently dedicated myself to continuous learning and practice. Despite my diverse background, I possess extensive academic experience in web development that has adequately prepared me for this role. With a solid foundation in HTML, CSS, and JavaScript, coupled with prior academic experience using frameworks such as React.js, React Native Expo, Laravel, and Vue, I am determined to learn and grow rapidly. I thrive on the constant challenge of solving new problems and puzzles, making me well-suited for this dynamic field.
